

## MAN EXECUTED KNOWLEDGE

Freudenstein Worked in El Paso Stores; Reported He Is Put to Death.

Alvin Freudenstein, who is reported to have been executed at Pinal, formerly conducted a grocery store in the Alamo building, corner of Mesa and Franklin, and is a nephew of Louis Howe, of El Paso.

Several years ago Freudenstein was seriously injured when the front end of his grocery store was blown out by an explosion. He was found in the debris and for several weeks was in the hospital. He was employed by the Boston store and other wholesale stores of the city, leaving about a year ago for Mexico.

According to a report received here Tuesday, the body of young Freudenstein, an American who was supposed to have been with the Herrera forces at the attack on Pinal last Friday, has been found at a point 24 miles from Pinal.

Edward P. Baker, another American reported to have been with Herrera, is also missing, reports from the south say.

## Face Paint Tabooed; Remove Skin Instead

"A few years ago only one class of women painted their faces," says Dolly Madison in Chicago News. "It was a sign of social ostracism and was tabooed in refined circles. The custom has become so universal we must admit it is to be deplored and not to be abolished as soon as possible."

How foolish to seek artificial beauty! This sort of sham, from artistic and moral standpoint, when it is so easy to obtain a truly natural complexion by the use of ordinary medicinal soap, which may be had at any drug store in original one-ounce packages. This medicinal soap is so effective, harmless and inexpensive, no one need think of using anything else for the purpose. Applied like cold cream at night, and washed off in the morning, it at once begins to show its remarkable rejuvenating effects. It gently smooths the wrinkles, softens the skin, gradually removes the freckles, brightens the complexion. Naturally it takes with it all surface dirt, like freckles, pimples, nose patches and liver spots.—Advertisement.

## KLEINMAN TAKEN SERIOUSLY

Juarez Merchant Is Held on Serious Charge; Lives in El Paso.

Joseph Kleinman, who owns a large curio store at the corner of Avenida Juarez and Comodoro street, in Juarez, was arrested Monday afternoon by the Juarez secret service authorities. Kleinman is charged with circulating counterfeit constitutional money. He was held in a short time he was sent to Chihuahua, where he will be tried.

Kleinman Well Known

Kleinman is one of the best known foreign residents of Juarez. The charges against him were preferred by Col. F. Corona, who is said to have had secret service men working on the case. The merchants in Juarez are taking a keen interest in the case as it will bring up the important point as to whether a person who receives counterfeit money without knowing that it is false and later passes it, is subject to arrest.

Since Kleinman is a Hungarian, the case will be taken up in Chihuahua by the state court, who has been instructed to look after Austria-Hungary's subjects. The penalty for knowingly passing counterfeit bills is death, the Juarez officials say.

## LOPEZ IS HELD ON RECRUITING CHARGE

Francisco Saucedo, a former Madero lieutenant, was recruited in El Paso for service in Carranza's army, according to sworn testimony introduced Monday afternoon in the case of Emilio J. Lopez, Carranza vice consul here. The testimony was taken before United States commissioner George D. Oliver, who bound Lopez over to the grand jury in the sum of \$1000, which was furnished.

A letter, signed by Lopez, was also introduced. This letter was addressed to Lieut. Col. Eduardo Castro, jefe de las armas at Piedras Negras, and introduced "first Capt. Francisco Saucedo, who was recruited to be incorporated in our forces." The letter was signed, in type, "H. E. Murguía," and in ink, "Emilio J. Lopez." Mr. Murguía, the consul in Houston, the official seal of the consulate was affixed to the letter.

In his testimony, Saucedo stated that a ticket, which was introduced in evidence, was given him by a man upon the orders of Lopez and that the letter was later given to him to be presented to Col. Castro at Piedras Negras, with the understanding that, as soon as Castro notified the local "consulate," he would be paid to Saucedo's family. Saucedo explained that he at first thought he was going to join the Villa forces, and upon finding he had made a mistake, did not use the ticket.

## POLITICAL PRISONERS, HELD AT HERMOSILLO, REACH U. S.

Douglas, Ariz., Oct. 27.—Three members of the state congress of Sonora, released from the state penitentiary at Hermosillo, where they were political prisoners, have arrived here. They are Dr. Alfredo Caturqui, Rodolfo Garduno and Miguel Romo. A fourth member of the constitutionalist parliament at Guaymas, who was seized by governor Maytorena, and charged with complicity in the outbreak of Maytorena's rebellion.

All four said they had no idea why they were arrested, except that they had been supporters of Carranza. They were unanimous in saying that if their families had not sent food to the prison they would have starved to death. Scarcely was the fare furnished by Maytorena. They were equally ignorant of the reason for their release.

## PARRAL ATTACK IS MADE CERTAIN

Villa Charges It Was a Direct Violation of the Armistice.

Villa delegates to the Aguascalientes conference are making capital out of the attack on Parral by the Herrera brothers, according to reports received here Tuesday, which added that a number of Carranza delegates had been brought into line through this argument. The convention held a session Monday and the Herrera attack was the chief subject of discussion.

Villistas charge that the attack on Parral was a direct violation of the declared armistice. They claim that Carranza has been in communication with the Herrera forces, and that for this reason the excuse given that the brothers were acting independently cannot be credited. When a person receives a letter from Gen. Ramon Sosa, the special emissary sent by the convention to Sonora to arrange an armistice between the Villistas and Maytorena forces, has openly left Nogales for Hermosillo, Maytorena has been in Hermosillo since the armistice was declared last Friday. There was much speculation among Carrancistas as to Gen. Sosa's mission, who had received a rumor that it was for the purpose of offering reinforcements to Maytorena in the event of a failure to agree by the conference.

## Maytorena Seeks Money

Advices have also been received here by Carrancistas that Maytorena has sent financial agents to Los Angeles for the purpose of raising a large loan. It is known that a number of Maytorena justas have been active in the city for some weeks. According to the most recent report large ranching and mining concessions are to be offered as a guarantee for the loan.

Fear as to the outcome of the Aguascalientes conference is being felt in Juarez in a decided drop in the money quotations. All classes of Constitutionalists money were quoted at a low level. This is the lowest price quoted in weeks. Juarez merchants continue to report a large amount of counterfeiting in circulation. Five and 10 peso Durango bills, of poor workmanship, have recently made their appearance. Few counterfeits of the "eagle" money, which was destined to take up all state issues, are reported.

## DEMANDS RETURN OF CAPTAIN ACCUSED OF TWO MURDERS

Naco, Ariz., Oct. 27.—Gen. Benjamin Hill, commanding the Carranza garrison at Naco, Sonora, made a formal demand today on Col. Hatfield, of the American border guard, to return to him a captain of the garrison, who killed a fellow officer and a Mexican private Monday night. The demand was made by Hill, who stated that the report to headquarters states that the slain died on American soldiers, before the surrender of the town.

Hill's demand for the return of the slain was referred to Gen. Bliss.

## AMERICAN TAKEN FROM AUTO BY JUAREZ POLICE

An American automobile tourist named Fred was arrested Monday evening by the Juarez police as he was driving on Comercio street, according to J. D. McKelvie, of the Tri-State Motor company, who was with him when he was arrested. Mr. McKelvie in speaking of the arrest said: "I met Fred Monday afternoon and he asked me to drive with him. He was bound to Juarez, which I did. We went across the river in the car shortly after 4 o'clock and as we were on Comercio street, the police placed him under arrest. I think Fred is a stranger, coming here from New Mexico on a tour."

## Postmaster General Is Lost When He Gets Off Train in Wrong "Sioux"

Sioux City, Iowa, Oct. 27.—By getting off the train at the wrong town, postmaster general Burleson was temporarily lost Monday. Mr. Burleson got off the train here and went to a hotel. Just then a newspaper man accosted him and said:

"Aren't you in the wrong town, Mr. Burleson?"

"No, this is Sioux Falls, isn't it?"

When he learned he was in Sioux City, Mr. Burleson grabbed his bags and bolted while the hotel clerk looked on in amazement. He slipped into the station just in time to catch a train for Sioux Falls, where he was scheduled to speak. Mr. Burleson had caught the end of the town's name and had rolled from the tongue of the brakeman, and assumed he had reached his destination.

## TODAY'S AMUSEMENTS.

FRANCIS BUSHMAN HERE.

"In the Glare of the Lights," featuring Francis X. Bushman here today. "In the Glare of the Lights" is a three act complete play, produced in conjunction with the prize story published in the Ladies World. The cast includes such talent as Francis Bushman, Beverly Bayne, Lillian Frew, Helen Dunbar, Lester Cuneso and Harry Dunkinson.

This play is pronounced by experts to be a play of exceptional merit. Ever since the drama was released just ten days ago it has drawn enormous crowds to the largest theaters over the country. Many have been so fascinated with this picture that they have returned to the theater to see it a second and even a third time. The popularity of the picture is such that the Bijou management could only secure it but the one day, therefore it will be well for those who can to come to the matinee and avoid the night crowds.—Advertisement.

The Wigwam today has a dandy romantic picture produced by the Essanay company from a Munsey Magazine story. It is a pleasing picture and "it ends right." "Her Victory Eternally" will also be on the bill.

Tomorrow Mary Pickard will be seen in "Behind the Scenes," a Paramount feature, which is being released in El Paso. This is the first showing of the picture in Texas. It is a story of the stage from the play by Margaret Mayo, author of New York's biggest hit this season, "Twin Beds." ## DELEGATES ALL REJECT DEMAND

Villa and Zapata Won't Re-sign; Conference Plans to Oust Carranza.

Washington, D. C., Oct. 27.—Officials here today expected to hear that the Mexican national convention at Aguascalientes had accepted the resignation of Carranza as first chief. Latest advices to the state department said the convention atmosphere had cleared and that Gen. Obregon, Chao and Castro had returned from Mexico City, where they interviewed Carranza, "radiating optimism." With the arrival of 25 Zapata delegates there seemed to be no doubt that the Villa faction would be in complete control.

## Zapata and Villa Won't Retire.

Consul Silliman's reports state that Carranza will agree to retire, is one that Villa and Zapata similarly regard from power. There is no indication that the convention will accept that condition, but some definite assurances probably will be asked from both Villa and Zapata, and then they will uphold the provisional government.

## Villalaz Probable Choice.

It is believed here that Gen. Antonio Villalaz, chairman of the convention, will be its choice for provisional president. Should Carranza insist on his demands, indications are that the convention may summarily depose him and order the Constitutional army to enforce the acts of the convention.

## DECLARES COFFEE HELPS PREVENT ING ALCOHOLICS

W. C. T. U. Doctor Says Drunkenness Is Often Caused by Children Drinking Tea and Coffee.

In a fight for prohibition the National W. C. T. U. is now considering some of the factors of the alcohol appetite. Two of the most common of these factors, almost universally disregarded in this connection, are tea and coffee, avers Dr. Charlotte Abbey, superintendent of the New York Women's Reformatory.

"Drunkenness," says Dr. Abbey, "is the result of the children drinking tea and coffee, by which the nerves are overstimulated and a craving for something stronger is formed. Children should be taught the danger of this in their school days. It is to be kept in mind that the importance of it. Tea and coffee are just as harmful to children as alcohol is to grown-ups."

"The thing for parents to do," says Dr. E. A. Peterson, Medical Director of the Cleveland child schools, "is to keep coffee and tea out of the reach of our little citizens. The most unkind thing a mother can do is to place a cup of coffee before her child."

## NOTE.—The rapidly increasing sale of the pure food-drink, INSTANT POST-TUM, now extensively used in place of coffee, seems to indicate a very general awakening on the part of the American people to the dangers of coffee drinking.

## "HOLY WAR" IN MEXICO STARTS

New Revolt, Led by Priests, Is Inaugurated in the State of Jalisco.

A "holy war" in Mexico as a counter revolution against the Carranza-Villa embargo has been threatened, according to reports brought here by Americans and Mexicans who arrived by various routes from Guadalajara. They told of uprisings against the Constitutionalists, or ex-revolutionaries, authorities of central Mexico which were led by Mexican priests. It was indicated by local accounts that the "holy war" or ex-revolutionary element which flourished under the Diaz and Huerta regimes would combine with the "movement" in ousting the Constitutionalists who disagreed, even before the triumph of their revolution.

The new movement was started at the town of Talon de Tula, Jalisco state. It was begun when the Constitutionalists from the roof of the cathedral waived at the populace a blessing, and the consecration and desecration of church property. This act so enraged the people that led by a priest, and the soldiers in a running fight. Soon the trouble spread to adjoining towns located around Guadalajara, second largest city in Mexico and industrial center of the west coast country.

The residents of this district proclaimed themselves in favor of the revolution against the Carranza central government for the reason that their grievances were directed against the troops of Gen. Alvaro Obregon, the Carranza partisan.

## U. S. Troops Seize Ammunition

A carload of ammunition was confiscated Monday by American troops at Mineros, west of Columbus, N. M., on the ground that it was not passed through a regular port of entry. These munitions, it was learned, were being sent to arm an expedition in northern Chihuahua and Sonora which was to have been independent of either the Villa or Carranza factions.

## HINDU TROOPS USE BAYONETS IN CHARGE AGAINST GERMANS

London, Eng., Oct. 27.—A dispatch to the Daily Telegraph dated northern France, relates the first instance of the British Hindu troops coming into action.

"It was at La Bassée last week," says the dispatch, "when, by a great effort the Germans carried the British trenches and the position looked dangerous. An avalanche of the enemy poured through, evidently supposing that the way was open to the coast. The Hindus, however, were waiting.

"The supports of the British line were the Hindu troops who had been training to prove their quality. It was a bayonet affair and the German advance was beaten and broken. The Hindus ran their own work, using the steel in their own workmanlike fashion and thrusting the bayonet to recover the right and left fire of the British infantry who awaited their coming."

"Not only did the Hindus remain the last trenches but they pursued the enemy down the hill until their officers thought it prudent to recall them."
